

Minerals South 2022 Sponsorship Opportunities

The Chamber of Mines of Eastern BC is hosting the Minerals South conference and trade show this year at the Prestige Lakeside Resort in Nelson. We host Minerals South every second year with East Kootenay Chamber of Mines hosting the other years.

We are looking for sponsors to help cover the costs of the Mining conference and use any profits realized to keep our Chamber of Mines office/research center/museum open to the public, advocating for exploration and mining in BC. The Chamber is open Monday thru Friday year-round and has one paid employee. The museum displays a large amount of historical data and rock mineral specimens from the local mining districts as well as specimens from all around the world.

When a company sponsors something, they will have their logo displayed on posters and on other screens around the conference, so we require a high-definition copy of the logo for when it appears on the big screen. Sponsors logos will also appear in the program as well as our monthly Motherlode Newsletter. We are a volunteer, not for profit organization, so help if you can.

For more information call the Chamber at 250-352-5242 or email us at cmebc1@gmail.com

We sincerely thank you for your consideration and we look forward to hearing from you.
